Subject: Re: Opposed to proposed Rosemont Mine

Kathy,

Below is the message that I am intended to send back in response to the red folder from the coalition opposed to Rosemont led by Save the Scenic Santa Ritas. I was not planning to put an addressee line ("Dear __,") line as the letter is signed by a half a dozen individuals from various organizations. I was planning to send this as an email to the address that originally sent the PDF-format letter to Gina M.

You had asked to see this before I sent it out. Let me know if you have any thoughts. It is due 2/11.

The United States Environmental Protect Agency has received your letter regarding the Rosemont Copper Mine project. We appreciate your interest and note your concerns.

Ex. 5 - Deliberative Process

Thank you for taking the time to provide us with your thoughts about the proposed project.

Sincerely,

Carter Jessop
